Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Living in rural Minnesota, we have a choice of only 3 wireless services. The choices are Midwest Wireless, Cell One, and TracFone. We already pay higher rates than those in ANY metro area. We are currently using two services, TracFone 507-460-0536 and Cell One 507-640-0167

Thank You for you time.

Sincerely, Kathy Prokosch
